

KITCHENS

Velkommen til KITCHENS

Our menu is inspired by the world's finest cuisines and chefs.

This inspiration comes both from spectacular restaurants and fascinating families.

There are countless places where people take such an unusual approach to ingredients, traditions, recipes and presentation that it's always worth taking a closer look.

That's exactly what we've been doing so far and we don't plan on giving up on our regular travels across every continent to explore the most distant corners of the culinary world any time soon. We've captured it all on film so that we can share it with you, too.

However, the most important thing is that these diverse insights have contributed to the creation of some very special recipes that you can only get at KITCHENS.

On our travels, we peak over the shoulders of top chefs in cosmopolitan city centres as well as grandmothers out in the countryside; as long as they have something special bubbling on the hob or cooking in the oven, we're in there! After all, our menu is built on the fusion of grandma's traditional recipes with eye-catching compositions created by pre-eminent chefs.

This is how the world tastes - and we hope it's a flavour you'll love.

KITCHENS GOES NORWAY

SPEKET, KONSERVERT OG SALTET - MODERNE TRADISJONER

Already knew? Norway is the country with the most awards at the Bocuse d'Or. Exciting. When we think of Norway, we all too often think of cured and pickled foods.

Norwegian cuisine is so much more. High-quality natural products, thanks to the varied landscape between Skagerrak and North Cape. Traditional ingredients, modern methods.

This journey also inspired us and we're now bringing Norway to your plates, course by course - KITCHENS style.
